8	12	PCAP 00161	PIPE CAP

Appearance of assembled endcap and plank

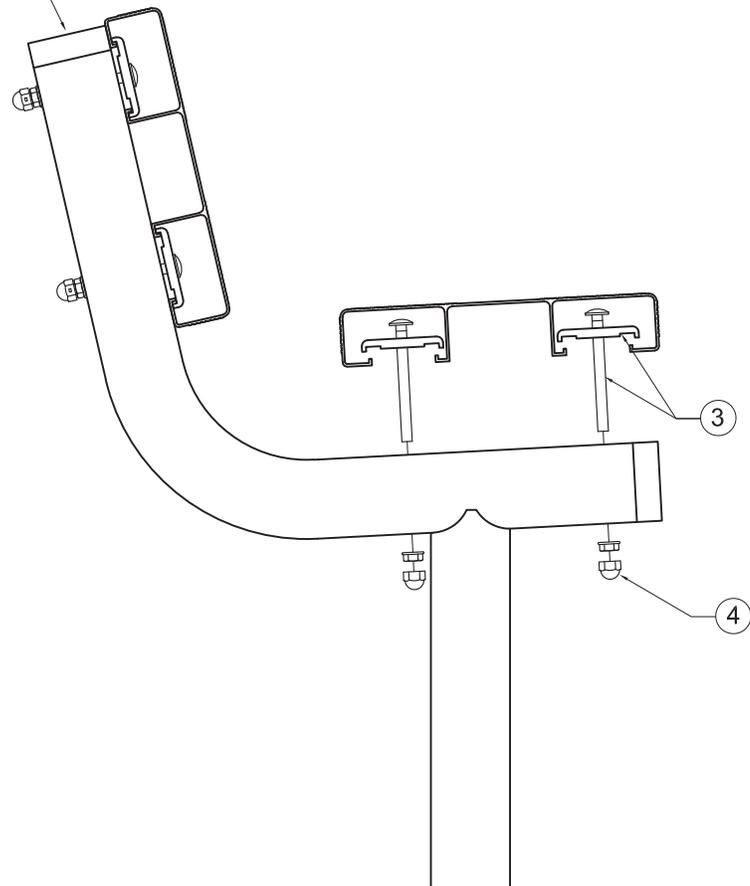

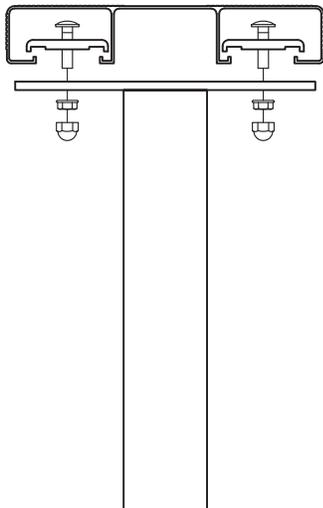

Install endcap onto end of plank. Secure in place with two self drilling screws. Repeat for the other end of plank.

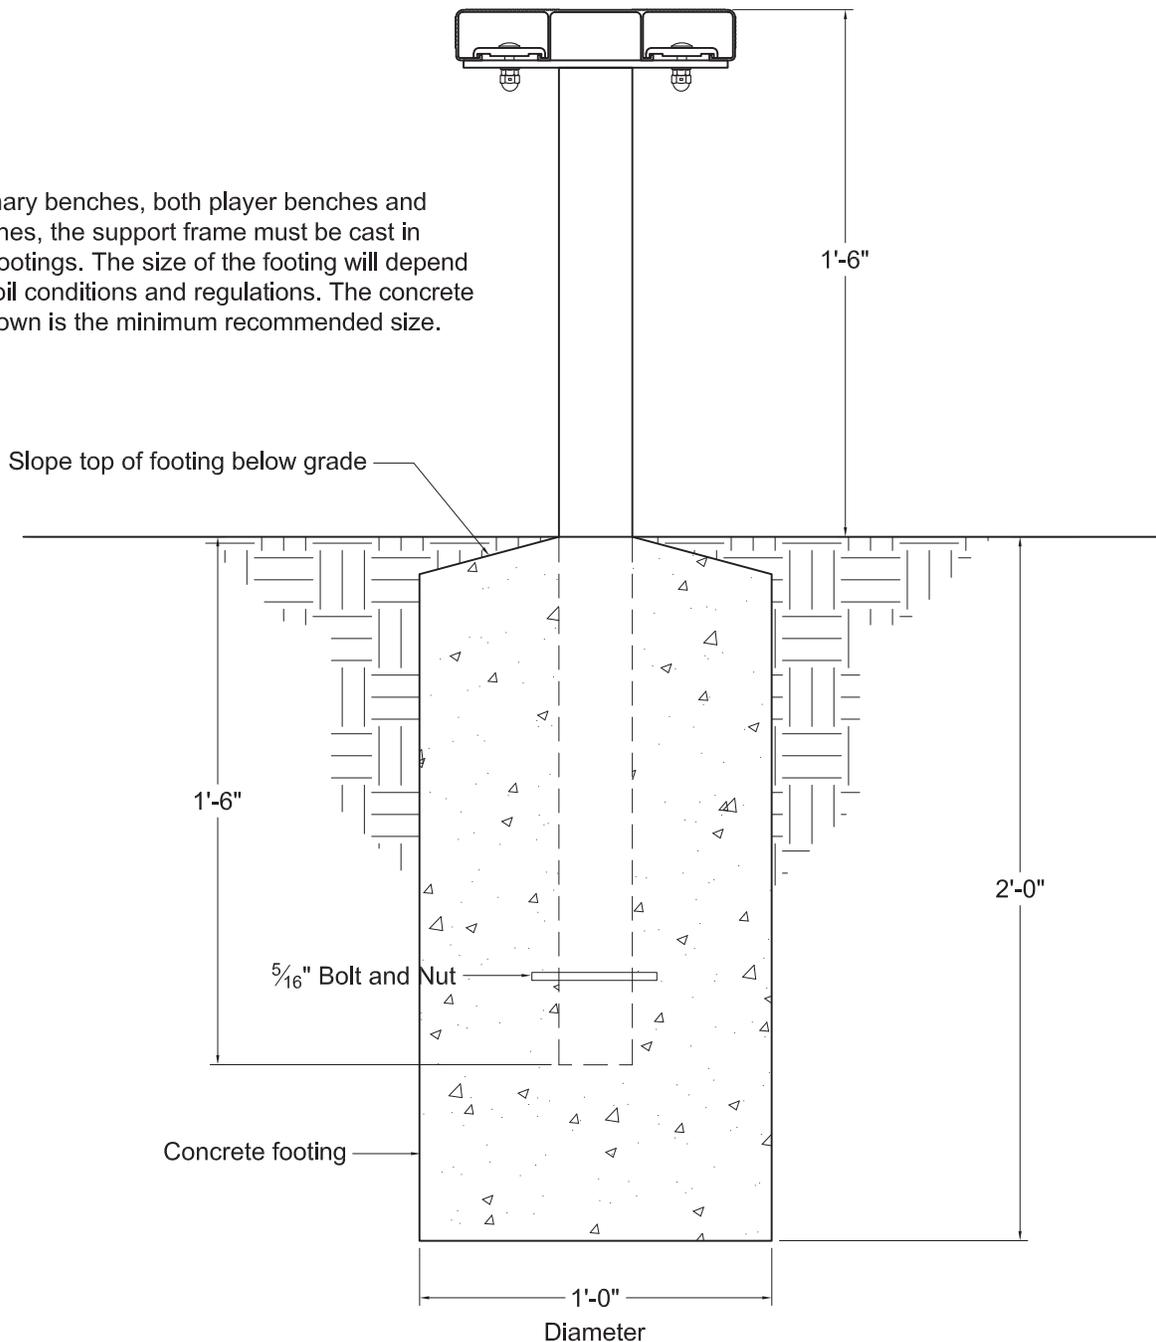

#	PART NUMBER	DESCRIPTION
1	ECAP 380 11	END CAP for PLANK
2	HDWE 06228	#10 x 5/8" SELF DRILLING SCREW
3	CLMP 380 10	PLANK CLAMP with HARDWARE
4	HDWE 03015 0E0	5/16" LOCKING CAP NUT
5	PCAP 00049 002	TUBE PLUG

Cap the ends of the frame with provided (5) pipe caps before attaching planks.

Fasten the planks to the support frames with the plank clamp, carriage bolt, flange nut, and cap nut. The park benches will need to use the 3½" carriage bolt.

For stationary benches, both player benches and park benches, the support frame must be cast in concrete footings. The size of the footing will depend on local soil conditions and regulations. The concrete footing shown is the minimum recommended size.

**⚠ WARNING:** This product can expose you to Titanium Dioxide, which is known to the State of California to cause cancer. For more information go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov).
