

# 33211 - BASEBALL BASE

## BASEBALL BASE (SET OF 3) W/ HONEYCOMB CUSHIONING STRUCTURE

Ideal for competition or recreation. Honeycomb base provides cushioning, and the rubber anchor holds the base in place for safety. The base's steel sleeve provides long life and stability.

Dimensions: 15" x 15" x 2¼"

Consists of three bases, three base posts, and three base anchor sleeves.

The base anchor sleeve is steel and plated for rust resistance.  
1½" square x 6" long.

# 33211 - BASEBALL BASE

BASEBALL BASE (SET OF 3)  
W/ HONEYCOMB CUSHIONING STRUCTURE

## SPECIFICATIONS

### PORTER No. 00222-000 PRO-PAD BACKBOARD PADDING KIT FOR OFFICIAL RECTANGULAR BACKBOARDS (EACH)

Baseball bases shall be made of highly durable rubber for long lasting use. The bases will have a honeycomb structure to provide cushioning. The base will be held in place by a rubber anchor post and steel base anchor sleeve.

The base anchor sleeve shall be steel and zinc plated for rust resistance. The base anchor sleeve shall accept a 1-1/2" square post 6" long. The base anchor sleeve shall have two fins to anchor it in the earth and have a hinged lid to keep debris out when the bases are not in place.

The bases shall be white in color.
