00444-000 - OUTDOOR GROUND SLEEVE

OUTDOOR GROUND SLEEVE
FOR 4" SQUARE UPRIGHTS

SPECIFICATIONS

PORTER No. 00444-000 4" (10.16cm) SQUARE OUTDOOR GROUND SLEEVE (EACH)

Ground sleeve shall be designed for use on any outdoor product with a 4" (10.16cm) square support post.

Sleeve shall be of a high-tensile (6063-T5) special aluminum extrusion, which is anodized for maximum corrosion resistance. Sleeve shall be 2'-4" (71.1cm) in total length with a 1/2" (1.27cm) diameter locating/anchor bolt located 2'-0" (60.9cm) below the playing surface. Bottom end of sleeve shall be open to allow drainage into gravel base beneath the concrete footing.

Removable cover plate shall be of a solid zinc-type die-cast material, with a flat-head stainless steel locking bolt, for maximum corrosion resistance. Cover shall incorporate a special expansion-type toggle system to lock cover in place with a 5/16" (7.9mm) allen wrench provided with each unit.

Sleeve shall be installed with top of removable cover plate flush with the playing surface.
