# 00196-XXX - MULTI-STATION CHINNING BAR

## WALL MOUNTED SPECIFICATIONS

Chinning bar shall be three (3) sections of 1" in diameter x 40" in length. Bar shall be supported 1'-4" from the wall by four (4) support brackets, spaced on 3'-4" centers. Each support bracket shall consist of a formed bar support that terminates into a heavy wall mounting plate, and a collar for attaching the chinning bar. The chinning bar shall be secured to the support brackets with two setscrews at each bracket. Chinning bar shall be zinc-plated. Support brackets shall be powder-coated black.

Chinning bar assembly can be mounted on the wall at height requirements for any age group, with hardware provided with unit.

Chinning bar shall be zinc-plated. Support brackets shall be powder-coated black.

### WARRANTY

Multi-station chinning bar comes with a 1-year limited warranty.
