Worksheet and artwork for pads must be included with order. Acceptable file types are: Adobe Illustrator (.AI) and .EPS. When generated from a design program (not a scan or image) a PDF may also be acceptable. **Standard image files such as JPEG, TIFF, GIF and PNG are not acceptable.** For additional information, see Artwork Guidelines. Orders without proper documentation and art files will be put on hold until completed.

Sketch in the boxes below. Sketches should mainly indicate position of logo and letters and proportion of each. No exceptional artistic skill necessary. After submitting this worksheet, Porter may supply up to 3 designs for you to choose from for your graphic pads. Excessive revisions or additional proofs will require an art fee.

By providing a sketch below, the most accurate and desirable designs can be created.  
Please sketch on each side of each pad you would like design to appear.

You will need to order an XXSP version of the pad for graphics.

\_\_\_\_ = total number of pads with graphics/lettering
