592 - SAND / BEACH CONVERSION KIT

SAND / BEACH CONVERSION KIT FOR OUTDOOR VOLLEYBALL STANDARDS

SPECIFICATIONS

PORTER No. 592 UPRIGHT/BASE EXTENSIONS (ONE PAIR)

Extensions shall be designed to adapt one pair of No. 591 4" (10.16 cm) square aluminum outdoor volleyball system for use on a beach or sand court when concrete footings are undesirable.

Extensions shall be fabricated from heavy 5" (12.7 cm) powder coated structural channel 4'-0" (1.22m) in length with holes drilled to secure to bottom ends of a 4" (10.16 cm) square volleyball uprights. Channel shall also be drilled for 2 x 6 treated lumber (by installer) spreaders, which are located at right angles to centerline of the net to stabilize the uprights when net tension is applied.

Extensions shall be provided with plated type attachment hardware.
