Worksheet and artwork for pads must be included with order. Acceptable file types are: Adobe Illustrator (.AI) and .EPS. When generated from a design program (not a scan or image) a PDF may also be acceptable. Standard image files such as JPEG, TIFF, GIF, and PNG are not accepted.

All stage pads are custom sized, so a Stage Pad Spec Sheet also needs to be filled out to define the size of the pad.

After submitting this worksheet, Porter may supply up to 3 designs for you to choose from for your graphic pads. Excessive revisions or additional proofs will require an art fee. By providing a sketch below, the most accurate and desirable designs can be created.

Graphics can only be on the front face of the stage pad. Graphics cannot cross over pads. Graphics must be contained on each pad.

Please sketch design in box below. No artistic skill necessary, sketch is used to help determine layout and scale.
